Beginning Of The End

I give what it takes You get what you want For my mistakes I'm well aware

If I could go back I'd do it again But well before I'm drowning

I cannot reassure As I have lost my vision I've fallen to the floor I can't fight my decision

Now I can see I have my control From despair I'm back again

You tried to deceive I'll never forget For now you'll pay and suffer

I cannot reassure As I have lost my vision I've fallen to the floor I can't fight my decision

I know that things could never be the same I've gone too far and now that I have changed

Does it feel the same for you (Repeat)

I gave what you wanted But now it's too much How much longer can I stand

I've broken the chains That kept me restrained So let me go and begin again

Begin again(Repeat)
