

Into Your Maddness

Ikon

There is a world of pain and sorrow
You turned away, away from reason
Desperation it settles in
You loose yourself
You loose yourself

I've lost the battle within
Into the shadows of sin

There is a demon you have set it free
It is deep within
You try not to follow
You have witnessed
Now you are lost
Totally you are lost
Totally you are lost

What do you want me to be
