Can't Help Falling In Love

Il Divo

Wise men say only fools rush in But i can't help falling in love with you Shall i stay Would it be a sin If i can't help falling in love with you

Like a river flows surely to the sea
Darling so it goes
Some things are meant to be
Take my hand, take my whole life too
For i can't help falling in love with you

Like a river flows surely to the sea
Darling so it goes
Some things are meant to be
Take my hand, take my whole life too
For i can't help falling in love with you
For i can't help falling in love with you.
