

# What Does Your Heart Say Now

Ilse DeLange

Yesterday we kept a safer distance  
We walked a borderline that seemed so clear  
We crossed that line last night  
It vanished with the morning light  
Now I wanna know, where do we go from here

What does your heart say now  
Now that we've touched, now that we've kissed  
What does your heart say now  
Now that it's come to this  
Is it the same, or has something changed  
Now that we've let our guards down  
I just wanna know, what does your heart say now

Last night we said things one soul to another  
In ways that spoken words could not express  
No room was left for doubt  
But I don't know where I stand now  
Don't leave me in the dark  
Don't make me guess
