

The Walk

Imogen Heap

Inside out, upside-down twisting beside myself,
Stop that now, cos you and I were never meant to be
I think you better leave; it's not safe in here,
I feel a weakness coming on.

Alright then (Alright then) I could keep your number for a rainy day,
That's where this ends, no mistakes no misbehaving,
Oh, I was doing so well, can we just be friends,
I feel a weakness coming on.

It's not meant to be like this, not what I planned at all,
I don't want to feel like this, Yeah,
No it's not meant to be like this, not what I planned at all,
I don't want to feel like this, so that makes it all your fault.

Inside out, upside-down twisting beside myself,
Stop that now; you're as close as it gets without touching me,
Oh no, don't make it harder than it already is,
Mmm, I feel a weakness coming on.

It's not meant to be like this, not what I planned at all,
I don't want to feel like this, Yeah,
No it's not meant to be like this, not what I planned at all,
I don't want to feel like this, so that makes it all your fault.

Big trouble losing control,
Primary resistance at a critical low,
On the double gotta get a hold,
Point of no return one second to go,

No response on any level, red alert this vessels under siege,
Total overload, systems down, they've got control,
There's no way out, we are surrounded,
Give in, give in and relish every minute of it

Freeze, awake here forever, I feel a weakness coming on.

It's not meant to be like this, not what I planned at all,
I don't want to feel like this, Yeah,
No it's not meant to be like this, it's just what I don't need,
Why make me feel like this, it's definitely all your fault.

Feel like this la la la la la la la la
It's all your fault (Feel like this) la la la la la la la la
It's all your fault (Feel like this) la la la la la la la la
It's all your fault (Feel like this) la la la la la la la la
It's all your fault
