Can you tell me
Who I am
Could you touch me
Just so I know I'm still here

Could you walk with me on my road Could you cry my tears along with me I beg you

Alone, don't want to be alone

My heart was open
But you closed it once again
My hopes were clear
But it all went out of sight

When you see I'm hurt Would you take the pain for me When you see I want to give up Would you carry me through the heardache

When you see I'm lost Would you leave it all To find me back to you I beg you

Alone, don't want to be alone

My heart was open
But you closed it once again
My hopes were clear
But it all went out of sight

My heart was open
But you closed it once again
My hopes were clear
But it all went out of sight
