Imperial Teen

I don't mind looking at you
Your hair sticks straight up well
The spray can is my favorite
Vonnegut to william hell
I don't want to be happy
I wanna mess around
But these drugs have made me sappy
I do love feeling down

(you and i only) i can't even try
(you and i) i can't even cry
(you and i only) your teeth are sublime
(you and i) so take me i'm mine

Let's stop and order pancakes
I don't mind sitting down
If i can't take it to yesterday
It's a new day all confoundi don't mind looking at you
Your hair sticks straight up well
The spray can is my favorite
Vonnegut to william hell
I don't want to be happy
I wanna mess around
But these drugs have made me sappy
I do love feeling down

(you and i only) i can't even try
(you and i) i can't even cry
(you and i only) your teeth are sublime
(you and i) so take me i'm mine

Let's stop and order pancakes
I don't mind sitting down
If i can't take it to yesterday
It's a new day all confound
I don't know why you alchemists
All spin around yourselves
Make fool's gold out of increments
I don't chew what you sell

(you and i only) i can't even try
(you and i) i can't even cry
(you and i only) your teeth are sublime
(you and i) so take me i'm mine...
