

Year Of The Tan

Imperial Teen

I wanna dance
I can shake a stick at all the living (Hey, wait a minute)
Got two holes in my hands (I think I need a sec)
It's not enough to feed a nation (I just wanna sit right here)
I'm not just another fan (I don't feel so good in this dress)
I see you looking at the living (Take a minute, take a look at me)
Put it back in your pants (Tell me, tell me what you think you see)
Do you need an invitation? (Do I give off a bubble effect?)
Mr. Wagon, meet the band (Think I need another cigarette)
I gotta dance (Don't wanna, don't wanna)
I gotta dance (Don't wanna, don't wanna)
I gotta dance (Don't wanna, don't wanna)
I gotta dance (Take it easy, I don't wanna dance)
Shaking hips for a living (Maybe later I'll be feeling good)
It's the year of the tan (Maybe greater than I thought I could)
Another Jagger imitation (Something subtle gets me something sweet)
Drinking wine out of a can (Time with me isn't a two-way street)
No more waiting, time for living (Buying into the beauty myth) Make a flash in the pan (Telling everything, I'll take the fifth)
It's my latest incarnation (Let it out and let me live it up)
Sweaty tickets in my hand (This isn't fun, I think I'll give it up)
I gotta dance (Don't wanna, don't wanna)
I gotta dance (I don't wanna, don't wanna)
I gotta dance (I don't wanna, I don't wanna)
I gotta dance (Take it easy, I don't wanna dance)
We gotta dance (I don't wanna, don't wanna)
We gotta dance (I don't wanna, I don't wanna)
We gotta dance (I don't wanna, I don't wanna)
We gotta dance (Sit down here and watch me eat to the beat)
Dance
Dance
Dance
Dance
I gotta dance (I don't wanna, I don't wanna)
I gotta dance (I don't wanna, I don't wanna)
I gotta dance (I don't wanna, I don't wanna)
I gotta dance (Take it easy, I don't wanna dance)
I gotta dance (Don't wanna, don't wanna)
I gotta dance (I don't wanna, don't wanna)
I gotta dance (I don't wanna, I don't wanna)
I gotta dance (Take it easy, I don't wanna dance)
We gotta dance (Maybe later I'll be feeling good)
We gotta dance (Maybe greater than I thought I could)

We gotta dance (Possibilities I can't ignore)
I gotta dance (Come on, baby, let's get on the floor)
