## **Behind Space**

Call me by my astral name Breeding fear through wordless tongue Heavenly thirst - unspeakable pain Emptied from all human motion Confront the faceless wrath

Beckoning silent from a sphere behind space Through twisted ruins of uncompleted dreams Sights of towers reaching for the moon Clawing at the skies - they gonna pull it down

Intensity - I feel the lava rushing through my veins Stars are reforming - to enter the fourth dimension

Beyond all galaxies Through timeless eons of frost Unearthly hunger - angels descent

We are entering dimensions behind space...

Beyond all galaxies Through timeless eaons of frost
