Deliver Us

Remind me I'm golden The fortress above the sun

Why don't you spend nowhere with me Follow the river and the path of the ones Write our names on the shore Forever - I can't find Struggling in a world undefined Decide how you want it to be I'm not eternity

Fly into the distant Disappear for a while I can't make sense of this But we're here today (feeling) alive

It starts to fall apart Let me take control

Reminisce The days and nothing more Something I will find again Deliver us

Can't hear the words you say But it doesn't really matter I give the world to you If you just...

Fly into the distant Disappear for a while I can't make sense of this But we're here today (feeling) alive

Fly into the distant Disappear for a while I can't make sense of this But we're here today alive

In Flames
