

Get Together

Indigo Girls

Love is but a song we sing
And fear's the way we die
You can make the mountains ring
Or make the angels cry
Though the bird is on the wing
You may not know why

Come on people now smile on your brother
Everybody get together
Gotta love one another right now

Some may come and some may go
We will surely pass
When the one that left us here
Returns for us at last
We are but a moment's sunlight
Fading in the grass yeah

Come on people now smile on your brother
Everybody get together
Gotta love one another right now

Come on people now smile on your brother
Everybody get together
Gotta love one another right now

If you hear the song we sing
You will understand
You hold the key to love and fear
Hold in your trembling hand
Just one key unlocks them both
It's there at your command

Come on people now smile on your brother
Everybody get together
Gotta love one another right now
Yeah

Come on people now smile on your brother
Everybody get together
Try to love one another right now
Try to love one another right now
