

Now is Gold

Infected Mushroom

So now is gold,
I see her wings and I'm not cold
The fear is gone
And I am ready to move on...

So now is gold,
I see her wings and I'm not cold
The fear is gone
And I am ready to move on...

(Oh oh oh oh oh oh...)

So now is gold,
I see her wings and I'm not cold
The fear is gone
And I am ready to move on...
