### Infected Mushroom

Hey Aruzo, I gotta warning for you from Bald Man Sonetti:  
Cross him again, I'll stick a gun up your ass, and blow  
your fuckin eyeballs out!

Nice work kid, but the shit's hit the fuckin' fan! The  
cops are crawling up my ass and the flaslights lookin'  
for ya! I booked you a flight to San Andreas!

We are building a crime syndicate of extra-ordinary  
magnitude. We extort money in the tradition of our  
ancestors. You honour our family. You have our gratitude.
