

# Call It My Way

Ingram Hill

I wanna turn and walk away  
I realize that I can't stay  
And now I know I'll never see a day  
When you're not on my mind  
Not on my mind

I want it how it used to be  
I want the old you and me  
I wanna show so they can see that any pain  
Can be healed in time  
Be healed in time

Call it my way  
I'm not afraid to let you sleep by yourself  
No change today  
And I'll never know what stops me  
But if I call it your way  
Then I'll hold you  
Hold my love

But I'm moving on away from this  
I find now I can resist  
I know it's hard to not love you  
But soon I'll be fine  
Soon I'll be fine

I want it how it used to be  
I want the old you and me  
I wanna show so they can see that any pain  
Can be healed in time  
Be healed in time

Call it my way  
I'm not afraid to let you sleep by yourself  
No change today  
And I'll never know what stops me  
But if I call it your way  
Then I'll hold you  
Hold my love

But I've  
I've let out  
That I want out  
But wait, wait  
You'll find out  
We'll work out this way

Call it my way  
I'm not afraid to let you sleep by yourself  
No change today  
And I'll never know what stops me  
But if I call it your way  
Then I'll hold you  
Hold my love

I want it how it used to be  
I want the old you and me

I wanna show so they can see that any pain  
Can be healed in time  
Be healed in time
