

Something To Cry To

Ingram Hill

Step off my porch
Shuffle right through those leaves
Well I can't say for sure
But you've given me back that ring
And you always said
You liked the sad ones best
I know it ain't much
But it's the best I can do

It's just something to cry to
It's something to cry to when I'm gone
Just something to cry to
It's something to cry to when you're wrong
Cause baby I'm gone

Well you spin the dial
But there's nothing that you wanna hear
Well we talked for miles
But we've driven down all those years

And you always said
You liked the sad ones best
I know it ain't much
But it's the best I can do

It's just something to cry to
It's something to cry to when I'm gone
Just something to cry to
It's something to cry to when you're wrong
Cause baby I'm gone

Underneath the way
Maybe I'm wrong
Don't look back these days
Hey

And you always said you liked the sad ones best
I know it ain't much
But it's the best I can do

It's just something to cry to
It's something to cry to when I'm gone
Just something to cry to
It's something to cry to when you're wrong
Just something to cry to
It's something to cry to when I'm gone
Just something to cry to
It's something to cry to when you're wrong
Cause baby I'm gone
Cause baby I'm gone
Cause baby I'm gone
Baby I'm gone
