

Something So Good

Inner Circle

How could something so good turn out so bad?
Whatever happened to the love we had?
How could something so good turn out so bad?
Whatever happened to the love we had?

What have I done, to drive you away?
What can I do, to make you stay?

I wanna be your best friend,
But now you want it to end.

How could something so good turn out so bad?
Whatever happened to the love we had?
How could something so good turn out so bad?
Whatever happened to the love we had?

Time, I thought it would change your mind,
Making you see, loving me was real.
I remember days, I felt so lovely,
The love I had, was for you only.
I wanna be your best friend,
But now you want it to end.

How could something so good turn out so bad?
Whatever happened to the love we had?
How could something so good turn out so bad?
Whatever happened to the love we had?

How could something so good turn out so bad?
Whatever happened to the love we had?

I wanna be your best friend,
But now you want it to end.

How could something so good turn out so bad?
Whatever happened to the love we had?
How could something so good turn out so bad?
Whatever happened to the love we had?
