

Keep the circle around

Inspiral Carpets

Pain is one thing tying you to that girl
She has got your head in a whirl
Now if you ever promise me
Then I'm sure that you'll be free
Pain is one thing tying you to that girl
She has got your head in a whirl

You can see inside of me that some things going down (2x)

Now there's only one thing you can do
Cause only you really know what you going through
Now if you're ever on your own
Think what it's like all alone
Now there's only one thing you can do
Cause only you really know what you going through

You can see inside of me that some things going down (2x)

You've got to keep the circle around (4x)
