

# Everything Is Wrong

Interpol

Truly, truly, truly here

Into the override, how we ride the brake  
Sleeker and cheaper, the wind change  
Following people, they what I say  
Expect your incentives have paved the way

Everything is wrong, oh, everything is wrong  
I guess we open time, what is now is overcome

Truly, truly, truly

I think I know why, I say what I say  
Inverse achievements, I rule the daze  
Am I more soulful? Am I coming down now?  
Can we start over as agents of peace?

Everything is wrong, wrong, everything is wrong  
All we have is time, but my heart is going wrong  
We're taking a part of both of us,  
But nobody likes to wait  
Everything is wrong, truly wrong  
Everything is wrong  
Everything is wrong

Truly, truly, truly

Hold on, hold on, hold on, hold on  
Hold on, hold on, hold on, hold on

We made our home, without begging a pardon  
We made our home, with time alone  
It's taking apart the best of us,  
And nobody likes to wait

Everything is wrong, truly wrong,  
Everything is wrong
