Everything Is Wrong

Truly, truly, truly here

Into the override, how we ride the brake Sleeker and cheaper, the wind change Following people, they what I say Expect your incentives have paved the way

Everything is wrong, oh, everything is wrong I guess we open time, what is now is overcome

Truly, truly, truly

I think I know why, I say what I say Inverse achievements, I rule the daze Am I more soulful? Am I coming down now? Can we start over as agents of peace?

Everything is wrong, wrong, everything is wrong All we have is time, but my heart is going wrong We're taking a part of both of us, But nobody likes to wait Everything is wrong, truly wrong Everything is wrong Everything is wrong

Truly, truly, truly

Hold on, hold on, hold on, hold on Hold on, hold on, hold on, hold on

We made our home, without begging a pardon We made our home, with time alone It's taking apart the best of us, And nobody likes to wait

Everything is wrong, truly wrong, Everything is wrong
