Biting Bullets

Don't you wonder Is anyone that strong It takes me under Believing what I'm seeing I get so tired Of watching friends go down The hungry tiger For all who never began

Biting bullets Biting the clouds Biting bullets Biting the clouds

I saw the show Shaking all the babies Should I believe The parade of clever lies Shadow of light In the shadow of death There is no difference For all who never began

I loose myself like anybody else But I'm not so strong to make it in the end I need some answers when The day comes crashing down But it's all over when there's No one to be found
