The End

Iration

Day and night, night and day
Tell me what's wrong
Tell me what to say
I never thought we'd turn out this way
Make it wrong, make it right
Should have seen it coming from the very first night
I never thought I'd have to say

That we don't have something to believe in
You think I'm constantly deceiving
Taking breaks, just to see how far it bends
You never sayin what you're feelin
I get by taking what you're leavin
Hope in time enemies can become friends
We're at the end
We're at the end we're at the end
We're at the end

Gone too long, gone too far
Coming down quick like a dying star
I never thought we'd burn out this way
Time is long but time is gone
The last words in the chorus of a sad sad song
I never thought that I'd have to say

That we don't have something to believe in
You think I'm constantly deceiving
Taking breaks, just to see how far it bends
You never sayin what you're feelin
I get by taking what you're leavin
Hope in time enemies can become friends
We're at the end
We're at the end we're at the end
We're at the end
