

Second Morning

Ivan Král

You wish me a second morning
I wish you a second luck
we haven't done much talking
since we met and just made love,
why don't you please stay longer
why don't you make up your mind,
there's no better time than now.

Baby don't you want me
please don't make me cry,
I'll try to make you happy
keep you satisfied,
why don't you please stay longer,
why don't you make up your mind,
there's no better time than now.

Everybody warned me about you,
they say, don't be such a fool with her,
you get nowhere, man,
it ain't no cool.
She's nothing but trouble
can't you see,
yeah, everybody told me
you ain't foolin' me!!!

Baby don't you want me
please, don't make me cry,
I'll try to make you happy
keep you satisfied.
Why don't you please stay longer,
make up your mind,
there's no better time than now.

Everybody warned me about you,
they say, don't be such a fool
you're not gonna get nowhere with this babe,
man, it ain't no cool
she's nothing but trouble man can't you see
so don't be so good to her
she's not so good for you and me.
