

I Think of You

Ivy

I think of you
Whenever I'm alone.
Whenever I get lonely.
I think of you
Wherever you may go.
I know that you are only
One dream away.

So don't give up, baby.
Don't give in.
If we try we can begin again.
I know what we've been through.
But I still think of you.

I think of you
Whenever I get down.
Whenever I get weary.
I think of you
When you're not around.
I wonder if you hear me
Call out your name.

So don't give up, baby.
Don't give in.
If we try we can begin again.
I know what we've been through.
But I still think of you.
