

# One Lie Away

Jack Ingram

Everything I ever wanted  
Is one lie away  
To be so close and now to know  
There's nothing we can say

For the things I can't take back  
Severely I will pay  
And everything I ever wanted  
Is one lie away

Being so wrong doesn't take long  
Not holding on goes on and on

And if you could see what's left of me  
Has to go through everyday  
You'd know everything I ever wanted  
Is one lie away

Being so wrong doesn't take long  
Not holding on goes on and on

No you can't take back your actions  
Only hope, pray and change  
And everything I ever wanted  
Is one lie away

Everything I ever wanted  
Is one lie away, one lie away
