

# Let Them Talk

James Brown

Let them talk if they want to  
Talk don't bother me  
I want the whole wide world to know  
That I love you so

Let them whisper for they know not  
What between you and I  
I keep on loving you until the day I die

They're trying to breakup our romance  
But they don't have, they don't have a chance  
We had the kind of love that was so strong  
And we'll be together from now on

I know that gossip comes from the devil's workshop  
But true love will make it stop  
I want the whole wide world to know  
That I love you so

They're trying to breakup our romance, darling  
They don't stand a possible chance  
We had the kind of love that was so strong  
And we'll be together from now on

Let them talk, let them tell anybody  
I don't care, let them talk, let them tell anybody  
Hit me now, hit me, let them talk  
I just don't, it don't bother me, no, no, no

Let them tell everybody, sometime  
Sometime they just don't, they just don't  
They just don't understand it  
But come on, hit me now, hit me

Oh baby I wanna feel, I wanna feel now  
Hit me, hit me now, let them talk, let them talk  
Let them talk, let them talk  
Hit me now, hit me, baby, I just don't  
I just don't, I don't understand it
