

A Better Way

James Ingram

Won't change my mind, I'm on my way,
Wanna see this paradise.
I have a dream, and it's so clear,
Won't think about it twice.

Don't try to tell me what to do,
Don't try to turn my head.
Don't try to tell me who I am,
'Cos freedom lives in me, so wild and free.

There's gotta be, a better way,
To put the love, inside my life baby.
There's gotta be, a better way,
Without your loving here, when will I find love.

I'm coming down, on promises,
Wanna put 'em far away.
'Cos what I feel, is oh so real,
It's gonna be a better day.

Don't try to tell me what to do,
Don't try to turn my head.
Don't try to tell me who I am,
'Cos freedom lives in me, so wild and free.

There's gotta be, a better way,
To put the love, inside my life baby.
There's gotta be, a better way,
Without your loving here, when will I find love.

I can feel it, as the time goes by,
(time, time, time, time)
You spirit getting closer and closer,
I must be on a natural high,
'Cos I'm feeling no pain.

There's gotta be, a better way,
To put love inside my life baby.
There's gotta be, a better way,
Without your loving here, when will I find love.

'Comes the answer, what's the question.
All I want to know
(If you wanna be free) talk to me,
But if you wanna run, I'll let you go,

There's gotta be, a better way,
To put the love, inside my life baby.
There's gotta be, a better way,
Without your loving here, when will I find love.

There's gotta be, a better way,
To put the love, inside my life baby.
There's gotta be, a better way,
Without your loving here, when will I find love.

There's got to be, a better, better
