Undiscovered

I look at you you bite your tongue you don't know why or where I'm comin` from but in my head I'm close to you we're in the rain still searchi ng for the sun

P: You think that I wanna run and hide
I keep it all lokced up inside
I just want you to find me...

R: I'm not lost, I'm not lost, just undiscovered and when we're alone we are the same as each other you see the look that's on my face you might think that I'm out of place

I'm not lost no no just undiscovered

Well the time it takes to know someone it all can change before you know it's gone So close your eyes and feel the way I'm with you now believe there's nothing wrong
