

# Love Ain't Gonna Let You Down

Jamie Cullum

Everyone knows that I'm rightfully yours  
So bring out your dirt from your previous wars  
So lay thee to rest 'cause I'm chasing away  
all the dust that you're Leaving behind

Because Love ain't gonna let you down  
love ain't gonna let you down no more  
Because Love ain't gonna let you down  
love ain't gonna let you down no more

'Cause I'll turn your world around  
and love ain't gonna let you down

You wear your heart like a brooch for all to see  
But the blood that pumps through  
So will you save that for me  
I've sweetened my tongue  
And I've sharpened my words and my wit  
And I've written my lines

Because Love ain't gonna let you down  
love ain't gonna let you down no more  
Because Love ain't gonna let you down  
love ain't gonna let you down no more

'Cause I'll turn your world around  
and love ain't gonna let you down

Feel it burning like a bomb raging a thousand summers grazing  
on your skin restlessly anticipating so many tiny things
