

# (Don't) Give Hate a Chance

Jamiroquai

Why can't we be (together)?  
Can't you love me, don't hate me  
I don't see (why can't we live together)  
Maybe we could get it on (maybe we could get along)  
Should be our destiny  
There's a cold streak living (inside us)  
There's no rainbows... just bullets and bombs  
If you want to rise up  
We can make this hate stop  
Now don't you want to rise up

We've been giving hate a chance  
(We've got all this love to give, you know)  
And the love will be running out for us  
Can you feel the dreams of life  
We're hoping we can still survive  
As the wind carries every dove away

So why do we see (these colours)  
It's only skin deep, don't mean a thing  
So clear (underneath this we're all brothers)  
Can't you see it's killing us  
(Can't you see it's killing us)  
Can't you see it's killing me  
Trigger happy fantasy  
So stand up and be (so strong now)  
Freedom is not so far away  
If you know you want to rise up  
We can make this hate stop  
Now don't you want to rise up

We've been giving hate a chance  
(We've got all this love to give, you know)  
And the love will be running out for us  
Can you feel the dreams of life  
We're hoping we can still survive  
As the wind carries every dove away

(The wind carries every dove away, The wind carries every dove away, every dove away)  
Dove, dove, dove, dove, dove, dove, dove

Now you've been taking our dignity for too long  
I want to save this sanctity that we hold  
And who's right and who's wrong  
We're not so different anyway  
Words are in this song  
Can't we stop the fighting?

Coz we've been giving hate a chance  
Don't give this hate a chance  
We've got all this love to give, you know  
And the love will be running out for us (we've got all this love to give)  
(and that the love's still alive, survive)  
Can you feel the dreams of life  
We're hoping we can still survive  
As the wind carries every dove away

Don't give this hate a chance (can't we stop the dove away)  
We've got all this love to give, you know  
That this dream's alive, will still survive (can't we stop the dove away)  
Until no more people have to cry  
Don't give this hate a chance (can't we stop the dove away)  
We've got all this love to give (that's the wind carries every dove away)  
That this dream's alive, we'll still survive  
And the love will be running out for us  
Until no more people have to cry  
Don't give this hate a chance  
We've got all this love to give, you know  
That this dream's alive, we'll still survive  
Until no more people have to cry
