

When You Were Mine

Janet Devlin

Tell me
would of any kind
Hold me
cause I thing I'm going blind

All the bridges are burned
All the pages been turned
There's nothing you can say
Or do
Cause I'm not over you

Oh
I remeber how it felt to call you mine
Oh mine
I remember how we lost the world outside
The times we had
The good and bad
And how we felt alive
Oh
I remember how it felt to call you mine

Tell me
when my heart is open wide
Oh
There's nothing left to hide

Do the flames still burn
Leave the stones unturned
Just look there, deep inside
Oh you
and tell me what yto do

Oh
I remeber how it felt to call you mine
Oh mine
I remember how we lost the world outside
The times we had
The good and bad
And how we felt alive
Oh
I remeber how it felt to call you mine

And it's dark
And I can't hear you heart
And everything is cold
And I'm a little lost inside

Oh
I remeber how it felt to call you mine
Oh mine
I remember how we lost the world outside
The times we had
The good and bad
And how we felt alive
Oh
I remeber how it felt to call you mine
Oh, oh oh

I remember how we lost the world outside
The times we had
The good and bad
And how we alive
Oh
I remeber how it felt to call you mine
