

Fast Girls

Janet Jackson

Fast girls are true, they're all you really need
No one that stands more responsibility
If you're afraid 'bout havin' to get too deep
Let me, baby, cure your insecurities

Fast girls, a physical attraction
Fast girls, a one on one reaction
Fast girls, true love is guaranteed
Fast girls are all you really need

Fast girls is true like angels in the mornin'
Disappear without any warning
Kinda strange that I can't deny
Sweet and fast, you'll never ever say goodbye

Fast girls, a physical attraction
Fast girls, a one on one reaction
Fast girls, true love is guaranteed
Fast girls are all you really need

Yeah, yeah baby

Fast girls like to take your breath away
Words of love, not affairs of yesterday
If strange desires are toying with your fate
Fast love baby will never let you wait

Fast girls, a physical attraction
Fast girls, a one on one reaction
Fast girls, true love is guaranteed
Fast girls are all you really need
