

# Moist

Janet Jackson

You're feelin' in it  
You're ticklin' it  
You're swimming in it  
You're gonna get it

I'm insatiable  
And it's all your fault  
So much lust involved  
To get me off  
My water falls

Your sexuality (breeds)  
A storm inside of me (seas)  
A touch is all I need  
To make me scream  
Obscenities

Every time you whisper in my ear I get aroused  
You begin to slowly unbutton my blouse  
Kissing on my skin my heart's racing now

I want you boy

Caught up in the waves of passion up and down  
Love the way you movin' my body all around  
Boy you 'bout to make the rain come down

[Chorus]

Feel my rain come  
Pouring soaking  
Longing your lips  
Baby ooh

You make it so moist

When my ocean's overflowing  
Afterglowing  
Take me oooh

You make me so moist

Orgasmic  
Row it just like that  
Hope you like drowning in it  
You won't have a life jacket

My thirst is quenched  
Ooh baby we're so drenched  
Our body's rhythms are  
So cataclysmic  
Got me twisted

Feeling your anatomy breaking me down  
Sucking on my (mmm) with ice in your mouth  
Hurry and undress me take me right now  
I'm wet for you boy

Caught up in the waves of passion up and down  
Love the way you movin?my body all around

Boy you know you make the rain come down  
You know how to make my rain come down

[Chorus]

[4x]  
You're feelin' in it  
You're ticklin' it  
You're swimming in it  
You're gonna get it  
Moist
