

# No Sleep

Janet Jackson

You're missing me (yeah that's nice)  
I'm missing you (just a lil more)  
Whenever we meet (yeah that's right)  
We ain't gonna get no sleep (yeah that's nice)  
When I get to be (just a lil more)  
Together with you (yeah that's right)  
It's fate I complete (yeah)  
We ain't gonna get no sleep (uh, no sleep)

A vision rolling round in my head, but I don't really talk about it  
I'm loving what you're doing to me and I don't wanna do without it  
Day and night, I dream of us doing whatever  
But I guess I'll have to wait until that day comes

You're missing me, I'm missing you  
Whenever we meet, we ain't gonna get no sleep (same time, just a lil more, just a lil more, now, just a lil more now)  
When I get to be together with you  
It's fate I complete (just a lil more, now, just a lil more now), we ain't gonna get no sleep

48 hours in love, It oughta be a weekend marathon  
So you better get ready, my king, cause I'ma be the queen of insomnia  
Stay wide awake for every moment we spend together  
Cause every second you're away feels like forever

You're missing me, I'm missing you  
Whenever we meet, we ain't gonna get no sleep (same time, just a lil more, just a lil more, now, just a lil more now)  
When I get to be together with you  
It's fate I complete (just a lil more, now, just a lil more now), we ain't gonna get no sleep

Don't have time to sleep, but we can dream  
So think outside the box, my baby  
Show me how much you are missing me  
I'll read between the lines and I sure hope it rains

Cole world (yeah, yeah, yeah, yeah, yeah)  
Yeah (turned up the volume up a lil bit, up a lil bit, yeah that's nice)  
We ain't gonna get no sleep (we not, just a lil more, just a lil more, now, just a lil more now)  
We ain't gonna get no sleep (we not, just a lil more, just a lil more, now, just a lil more now)  
We ain't gonna get no sleep

I go my way, you go yours  
You taste real life, I taste tours  
Sweet at first, but after a while  
Too much sugar they say is bad for your smile  
And I wear a frown now, cause I miss real  
I miss a warm house, and home cooked meals  
And you miss junk food, that's why we work  
You bring cooked food and I bring desert  
Uh, and meet up at the place that we always do  
The one swimming through my mind, that was always you  
Our time together has inspired a song or two

Or three, or four, or more, mi amor  
I'm sure, either you're the one or I'm caught in the matrix  
Staying up for hours while we talk and get wasted  
Not from weed smoke, uh, this cheap wine  
Drunk off love we both feel deep down  
But too scared to say cause we know how this seems  
Thinking, maybe we'd be better off friends with benefits  
For the moment this adrenaline, got me feeling like a kid again  
Butterflies like MJ, had to fit it in  
My schedule, check the bezel, gotta escape by six  
Damn, how'd it get so late so quick?  
The sun rising (already?) until the next time  
I love diving in your mind and coming out with every diamond I can find  
No sleep, no sleep

You're missing me, I'm missing you  
Whenever we meet, we ain't gonna get no sleep (we not, just a lil more, just  
a lil more, now, just a lil more now)  
When I get to be together with you  
It's fate I complete (just a lil more, now, just a lil more now) we ain't go  
nna get no sleep (no sleep)
