

Say You Do

Janet Jackson

If you love me, say, "You do"
If you want me, say, "You do"
If you need me, say, "You do"
If you love me, say, "You do"

Your body chemistry, your history, your smile
I like it, I like your style
Magnetic mystery, your hypnotistic child
I'm knee deep, You drive me wild

If you love me, say, "You do"
If you want me, say, "You do"
If you need me, say, "You do"
If you love me, say, "You do"

So electrifying, you soon might just blow my fuse
Love skipper, it's you I choose
I'd buy a trip, desire, systematic smooth
I'm hooked up, I'm hooked on you
