## **Together Again**

There are times When I look above And beyond There are times when I feel your love Around me baby I'll never forget my baby (I'll never forget you) There are times when I look above and beyond

There are times when I feel your love around me baby I'll never forget my baby

When I feel that I don't belong Draw my strength From the words when you said Hey it's about you baby Look deeper inside you baby

Dream about us together again What I want us together again baby I know we'll be together again cuz

Everywhere I go Every smile I see I know you are there Smilin back at me Dancin in moonlight I know you are free Cuz I can see your star Shinin down on me

(together again, ooh) Good times we'll share again (together again, ooh) Makes me wanna dance (together again, ooh) Say it loud and proud (together again, ooh) All my love's for you

Always been a true angel to me Now above I can't wait for you to wrap your wings around me baby Oooh wrap them around me baby

Sometimes hear you whisperin No more pain No worries will you ever see now baby I'm so happy for my baby

Dream about us together again What I want us together again baby I know we'll be together again cuz

Everywhere I go Every smile I see I know you are there

Smilin back at me Dancin in moonlight I know you are free Cuz I can see your star Shinin down on me (together again, ooh) Good times we'll share again (together again, ooh) Ooh it makes me wanna dance (together again, ooh) Say it loud and proud (together again, ooh) All my love's for you There are times when I look above and beyond There are times when I feel you smile upon me baby I'll never forget my baby What I'd give just to hold you close As on earth In heaven we will be together baby Together again my baby Everywhere I go Every smile I see I know you are there Smilin back at me Dancin in moonlight I know you are free Cuz I can see your star Shinin down on me Everywhere I go Every smile I see I know you are there Smilin back at me Dancin in moonlight I know you are free

Cuz I can see your star

Shinin down on me
