Janet Jackson

You

Here I am in your face Tellin truths and not your old lies Seems to me that you care And I know that you're runnin out of time

See ya can't get away I'll be here forever and again Whisperin in your ear Do believe cause you know you cannot win

Spent most your life pretending not to be The one you are but who you choose to see Learned to survive in your fictitious world Does what they think of you determine your worth?

If special's what you feel when you're with them Taken away you feel 'less than' again That's right

[CHORUS: (2x)] You gotta mean what you say You gotta say what you mean Tryin to please everyone Sacrifice your own needs Check in the mirror my friend No lies will be told then Pointin the finger again You can't blame nobody but you

There's a feeling inside No you cannot change it right away Gotta make a try And with time it'll start to go away

I'll be here when you need That one to sit and cry to Cause I'm the you you forgot The only one you know you cannot lie to

Bitter you'll be if you don't change your ways When you hate you you hate everyone that day

Unleash this scared child that you've grown into You cannot run for you can't hide from you Can't hide from you That's right

[CHORUS (3x)]

C-N-E-I-C-S-N-O-C (you can't blame nobody but) C-N-E-I-C-S-N-O-C (you can't blame nobody but you) C-N-E-I-C-S-N-O-C (you can't blame nobody) C-N-E-I-C-S-N-O-C (aw that's right) [CHORUS (2x)]
