

If You Dare

Jazmine Sullivan

Why you only see in black and white
You should be living in color
You walking now when you were made to fly
Don't be scared to fly
Stop thinking small when you're larger than life

You're amazing, so am I
Let's dress up fancy and drink wine
Let's go crazy, don't be scared
Cause we can conquer the world,
Cause we can conquer the world
If you dare

Oh-oh-oh ohhh, oh-oh-oh ohhh, oh-oh-oh ohhh...
You could be living it right
You should be living it high
You should be living it

Oh-oh-oh ohhh, oh-oh-oh ohhh, oh-oh-oh ohhh...
You could be living it right
You should be living it high
You should be living it

Things could be better than the way that you're living
Open your eyes cause you don't know what you're missing
You're in the dark but you could be glistenin'
Stop thinking small when you could have it all

You're amazing, so am I
Let's dress up fancy and drink wine
Let's go crazy, don't be scared
Cause we can conquer the world, Cause we can conquer the world
If you dare

Oh-oh-oh ohhh, oh-oh-oh ohhh, oh-oh-oh ohhh...
You could be living it right
You should be living it high
You should be living it

Oh-oh-oh ohhh, oh-oh-oh ohhh, oh-oh-oh ohhh...
You could be living it right
You should be living it high
You should be living it

Oh Caroline stay away from the light
Cause people never make it out alive
So come on down because you're going too high
(But she heard)
Don't be scared, start living your life

Oh-oh-oh ohhh, oh-oh-oh ohhh, oh-oh-oh ohhh...
You could be living it right
You should be living it high
You should be living it

Oh-oh-oh ohhh, oh-oh-oh ohhh, oh-oh-oh ohhh...
You could be living it right

You should be living it high
You should be living it

Oh-oh-oh ohhh, oh-oh-oh ohhh, oh-oh-oh ohhh...

And I warned you not to go
Did you have to leave me low
You could be living it right
You should be living it high
You should be living it
Oh-oh-oh ohhh, oh-oh-oh ohhh, oh-oh-oh ohhh...
And it's driving you insane
But it's running through your veins
You could be living it right
You should be living it high
You should be living it
