

Burn

Jeanette

I feel your body right next to me
and i love to see you shiver
i can see through your mind and what
i can see is hot, and that's cool

Welcome to erotic cage aux folles
i stole your soul and than
i chained your hands
you're the god in my prison cell
now you're lost in hell

Burn baby, burn baby feel my fire
i can hear you sigh we're getting so much higher
burn baby, burn baby feel my fire
tonight this is my deep desire
burn, burn, burn baby feel my fire oh yeah
i wanna hear the devil's choir oh yeah

Oh what a change, god, what did you do
you look like a ghoul from the night
i never had a trip like this before can't be
against the law
cause it's natural

Welcome to erotic cage aux folles
i stole your soul and than
i chained your hands
you're the god in my prison cell
now you're los in hell

Burn baby, burn baby feel my fire
i can hear you sigh we're getting so much higher
burn baby, burn baby feel my fire
tonight this is my deep desire
burn, burn, burn baby feel my fire oh yeah
i wanna hear the devil's choir oh yeah

Burn baby, burn baby through the night
burn baby, burn baby we're so tight
come on, come on give up the fight
oh baby we feel so high
burn baby, burn baby through the night
burn baby, burn baby we're so tight
come on, come on give up the fight
oh baby we feel so high

Oh baby we feel so high

Burn baby, burn baby feel my fire
i can hear you sigh we're getting so much higher
burn baby, burn baby feel my fire
tonight this is my deep desire
burn, burn, burn baby feel my fire oh yeah
i wanna hear the devil's choir oh yeah
