

## Win Your Love

Jeanette

Tell me what I would have to do to win your love  
Tell me how I need to behave to have enough  
I wanna know what I can say  
So I won't have to wait all day  
I wanna give just what it takes to be with you

I see - how it could be  
My way - leadin' to pleasure  
You know - lettin' it flow  
Stoppin' the show  
I feel it ain't too real  
You say - doin' some thinkin'  
I know it isn't so  
Goin' too slow

Not givin' up  
When you're neglectin'  
The way that I feel  
It's so attractin'  
I'm startin' to go mad

Tell me what I would have to do to win your love  
Tell me how I need to behave to have enough  
I wanna know what I can say  
So I won't have to wait all day  
I wanna give just what it takes to be with you

I pray for you to say  
Our love can be forever  
But you cannot be true  
That isn't new  
You come - givin' me some  
Right here - more to discover  
Expect when we connect  
No need to act

Not givin' up  
When you're neglectin'  
The way that I feel  
It's so attractin'  
I'm startin' to go mad

Tell me what I would have to do to win your love  
Tell me how I need to behave to have enough  
I wanna know what I can say  
So I won't have to wait all day  
I wanna give just what it takes to be with you
