

# You Call Me On The Phone

Jeanette

You'll callin' on the phone  
You know that I'm alone  
And than I hear the words  
You're doin more than flirt  
I just don't know how you're getting' to this  
Oh, honey I don't agree  
It's such a pretty, pretty day

Turns me on an' on  
To feel the warm sun  
To see the blue sky  
Makes wanna fly  
And I have to say  
It's great to make out, boy  
When it's a sunny, sunny day

You wake me up by dawn  
An wanna be my storm  
I shove you to the side  
To me there's something wrong  
Let's just wait now for the sun to be strong  
Oh baby, I can foresee  
I know the perfect, perfect place

Turns me on an' on  
To feel the warm sun  
To see the blue sky  
Makes wanna fly  
And I have to say  
It's great to make out, boy  
When it's a sunny, sunny day

Don't call me on the phone (5x)

Turns me on an' on  
To feel the warm sun  
To see the blue sky  
Makes wanna fly  
And I have to say  
It's great to make out, boy  
When it's a sunny, sunny day

Don't call me on the phone
