

## A Blood Red Path

### Jedi Mind Tricks

My rap equivalent to a militant bomb  
My syllabus form, the Pazienza killer from 'Nam  
With steel in my palm, guerrillas was born, your village is gone  
It's either that you die or give your will to Islam  
I feel it's a storm, that buildin' from the wilderness arm  
I sent the alarm, to let you know Godzilla was spawned  
I'd kill for my moms, ain't nobody as real as my moms  
And it ain't any woman ever know the deal like my moms  
I build with Iman's in holy places filled with Qu'rans  
My killers is strong, 'cause every Sicilian is strong  
You stealin' the form, I'm sharper then a million Don's  
I'm buildin' a bomb, and when I see a milli' I'm gone

Brrrrrat, brrrrrat, ha, ha, ha, ha, ha, ha  
Pazman, that's how you fuckin' rhyme  
The rhyme animal, Jedi Mind, baby!
