

Way Of The World

Jennifer Paige

It's the way of the world, oh

Who he is, who I am, how we move, it's a wild ride, a frenzy
I could catch my breath to stop and see what I feel inside
Is this happy? What's going on all around me?
I just can't work it out exactly, it all comes down so abstractly

It's the way of the world of you and me
It's every wish I ever made or ever thought I might
It's the way of the world of you and me
And all I know is I love the way I feel
It's the way of the world, oh

What does it mean? Scattered, crazy, suddenly
I'm lost in you, I've got to be spinning and flashing and dashing
With every turn I'm taking, it's heaven in the making
The moments race right past me, sometimes I just burst out laughing

It's the way of the world of you and me
It's every wish I ever made or ever thought I might
It's the way of the world of you and me
And all I know is I love the way I feel
It's the way of the world, oh, it's the way of the world

I'm thinking to myself
Where did I go? All I know is that I'm somewhere else
Lost in a mystery
In another world, there's nowhere else I'd rather be

It's every wish I ever made or ever thought I might, oh
And all I know is I love the way I feel, the way I feel, oh

It's the way of the world of you and me
It's the way of the world of you and me
It's every wish I ever made or ever thought I might
Way of the world of you and me
And all I know is I love the way I feel
It's the way of the world, oh oh
It's the way of the world of you and me
