It's the way of the world, oh

Who he is, who I am, how we move, it's a wild ride, a frenzy I could catch my breath to stop and see what I feel inside Is this happy? What's going on all around me? I just can't work it out exactly, it all comes down so abstract ly

It's the way of the world of you and me
It's every wish I ever made or ever thought I might
It's the way of the world of you and me
And all I know is I love the way I feel
It's the way of the world, oh

What does it mean? Scattered, crazy, suddenly
I'm lost in you, I've got to be spinning and flashing and dashi
ng
With every turn I'm taking, it's heaven in the making
The moments race right past me, sometimes I just burst out laug

It's the way of the world of you and me
It's every wish I ever made or ever thought I might
It's the way of the world of you and me
And all I know is I love the way I feel
It's the way of the world, oh, it's the way of the world

I'm thinking to myself Where did I go? All I know is that I'm somewhere else Lost in a mystery In another world, there's nowhere else I'd rather be

It's every wish I ever made or ever thought I might, oh And all I know is I love the way I feel, the way I feel, oh

It's the way of the world of you and me
It's the way of the world of you and me
It's every wish I ever made or ever thought I might
Way of the world of you and me
And all I know is I love the way I feel
It's the way of the world, oh oh
It's the way of the world of you and me
