

# Word To The Badd!!

Jermaine Jackson

What up, yo  
Word to the bad  
I gave my love  
You gave your love  
Thought we'd never part  
Said you loved me  
Then you left me  
With a broken heart  
You never think about who you love  
You only think about number one  
You forgot about where we started from  
You only think about what you want  
You don't care about how it's done  
You only think about you, your throne  
Be it right or be it wrong  
It ain't about your world  
It ain't about the things that you do  
If you don't care, I don't care  
'Cause you keep thinkin' about you  
It ain't about you takin' my pie  
You been takin' for a long time  
If you don't care, I don't care  
If you keep...  
Well I ain't thinkin' about you  
Word up, yo  
Word to the bad  
Once you were made  
You changed your ways  
Even told me lies  
Could not trust you  
Still I loved you  
My mind worried overtime  
You know I tried to be there for you  
Like a lover, I cared for you  
It didn't matter; you always play me off  
You only care about what you want  
You don't care about how it's done  
You only think about you, your throne  
Be it right or be it wrong  
Hook  
Oh, no, no, I ain't thinkin' about you  
Oh, no  
What up, yo  
Word to the bad  
Thinkin' about that pie that you've been takin' from me  
From a lover to another lover hard to believe  
Lost and don't know it, yet you still show it  
Givin' seems to be harder than it is to receive  
The glass has gotten shady when it should have been  
clearer  
But it's you always starin' in the mirror  
Constantly fakin' it; ain't no mistakin' it  
Get a grip 'cause you're not far from breakin' it  
Thinkin' about the time when we used to be close  
It shouldn't be a past tense 'cause nobody knows  
What the future may hold, what tomorrow might bring  
It's not guaranteed that you'll be spreadin' your wings

And funny it seems how it used to be  
Times when you needed to lean on me  
Now you're standin' on two, and you want to act now  
Girl, I ain't thinkin' about you  
Gone too far  
Ya better turn back  
I know who you are  
You know where I'm at  
Sad, but it's true  
From me to you  
Pick up the phone  
Don't be alone  
Step off the throne  
Come back home  
Hook
