What up, yo Word to the bad I gave my love You gave your love Thought we'd never part Said you loved me Then you left me With a broken heart You never think about who you love You only think about number one You forgot about where we started from You only think about what you want You don't care about how it's done You only think about you, your throne Be it right or be it wrong It ain't about your world It ain't about the things that you do If you don't care, I don't care 'Cause you keep thinkin' about you It ain't about you takin' my pie You been takin' for a long time If you don't care, I don't care If you keep... Well I ain't thinkin' about you Word up, yo Word to the bad Once you were made You changed your ways Even told me lies Could not trust you Still I loved you My mind worried overtime You know I tried to be there for you Like a lover, I cared for you It didn't matter; you always play me off You only care about what you want You don't care about how it's done You only think about you, your throne Be it right or be it wrong Hook Oh, no, no, I ain't thinkin' about you Oh, no What up, yo Word to the bad Thinkin' about that pie that you've been takin' from me From a lover to another lover hard to believe Lost and don't know it, yet you still show it Givin' seems to be harder than it is to receive The glass has gotten shady when it should have been clearer But it's you always starin' in the mirror Constantly fakin' it; ain't no mistakin' it Get a grip 'cause you're not far from breakin' it Thinkin' about the time when we used to be close It shouldn't be a past tense 'cause nobody knows What the future may hold, what tomorrow might bring It's not guaranteed that you'll be spreadin' your wings And funny it seems how it used to be
Times when you needed to lean on me
Now you're standin' on two, and you want to act now
Girl, I ain't thinkin' about you
Gone too far
Ya better turn back
I know who you are
You know where I'm at
Sad, but it's true
From me to you
Pick up the phone
Don't be alone
Step off the throne
Come back home
Hook
