

Me And Bobby McGee

Jerry Lee Lewis

No matter who I'm dreaming with
Honey you start talking in my sleep
Then I wake up and start making up
A lie while you sleep

Like an old time friend I squeeze her hand
And I walk away unsatisfied
Another try
Another cry

Another hand shakin' goodbye
I laughed a lot with Mary Ann
I cried with melody
And Rose Marie was more than just a little close to Jerry Lee

I can't count the hearts I've stepped on
Because of loving you
Another try
Another cry

Another hand shakin' goodbye
I laughed a lot with Mary Ann
I cried with Melody
Rose Marie was more than just a little close to Jerry Lee

Lord I can't count the hearts I've stepped on
Because of loving her
Another try
Another cry

Another hand shakin' goodbye
Another try
Another cry
Another hand shakin' goodbye

Have mercy baby
