

Railroad to Heaven

Jerry Lee Lewis

Life is like a mountain railroad
With an engineer that's brave
We must make the run successful
From the cradle to the grave

Watch it fill the curves and tunnels
Never falter, never fail
Keep your hand upon the throttle
And your eyes upon the rail

Blessed Savior, Thou will guide us
'Til we reach that blissful shore
Where the angels wait to join us
In that great forevermore

As it stays I will guide us
'Til we reach that blissful shore
Where the angels wait to join us
In that great forevermore
