

## More Than Amigos

Jesse & Joy

To me you seem so familiar  
feels like you've been around for a while  
As if we met for the first time  
and I could keep on talking all night

Something's made me think out loud  
Or could it just be the mezcal?

Let's be more than amigos  
C'mon! You're so much more than a friend eh eh eh  
I could get crazy contigo  
Ooh don't make me say this again  
Corazón, loose your heart into the rhythm  
(Sólo dejate llevar)  
On and on, loose your heart into the rhythm  
(Que te vas a enamorar)

My head is telling me one thing  
My heart is asking me why  
But my gut keeps sayin' lets give it a try  
I'm floating up above the clouds  
and something's made me think out loud

words are slipping from my mouth  
Or could it just be the mezcal?

Let's be more than amigos  
C'mon, you're so much more than friend eh eh eh  
I could get crazy contigo oh oh oh  
Don't make me say this again.  
Corazón, lose your heart into the rhythm  
(Solo déjate llevar)  
On and on, lose your heart into the rhythm  
Que te vas a enamorar (All night long)

Let's be more than amigos  
C'mon! you're so much more than friend eh eh eh  
I could get crazy contigo, oh oh oh  
Don't make me say this again  
Let's be more than amigos  
C'mon! you're so much more than friend eh eh eh  
I could get crazy contigo oh oh oh  
Dont make me say this again
