

Ny Nights

Jesse Malin

When my high top sneakers hit the ground
On the run from heavens' hand me downs
I want to see your face
When I fall from grace, baby

Hold me close in the New York night
A holy ghost or a satellite
And promise me it will be okay
Your mother dreamed of a better day

Storefront gypsies laying tarot cards
On my TV they're still playing God
I'm sick of politricks
I need another kiss, baby

Hold me close in the New York night
A holy ghost or a satellite
And promise me it will be okay
Your mother dreamed of a better day

And if you ever change your mind
I'd feel a lot better
Looking for the perfect crime
Or giving up, never baby, no

From the desert to this love stained town
I still find comfort in the underground
It's written in my soul
It's unconditional, baby

Hold me close in the New York night
A holy ghost or a satellite
And promise me it will be okay
Your mother dreamed of a better day and

Hold me close in the New York night
Be my ghost, be my satellite
And promise me it will be okay
When we touch down at JFK
