Jimmy Eat World

My, oh, my, can you save my life?  
It doesn't have to mean looking out for me  
Hey, now look at you, way cool, on time

There's no room for Mamacita

Sit tight, she'd say

A okay and that's what you'll say  
While falling on the ground, leaves in her hair  
Hey now look at you, way cool on time
